

Acorn Update: Thursday 2nd May 2024

This week the children in Acorn have been learning about the continent of Asia. They have also been recalling information about animals and landmarks from Africa from last week, with children bringing in artefacts from home.

This week the children have been learning about The Great Wall of China, Koi Carp fish, The Terracotta Army and Tigers! Their learning has been supported by The Go-Jetties and Andy's aquatic adventures, which can be found on the CBeebies iPlayer. They have been listening to and dancing to Indian music and will be tasting some Indian food next week. The children have also enjoyed wearing beautiful fabrics.

We have spent lots of time outside this week and have been revisiting learning about weight, capacity and shape using the wonderful blossom in outdoor area.

Have a great weekend – remember there is **no school** for children tomorrow (Friday) or Monday as it is the May Bank holiday. So we will see you on Tuesday.

Have fun!
