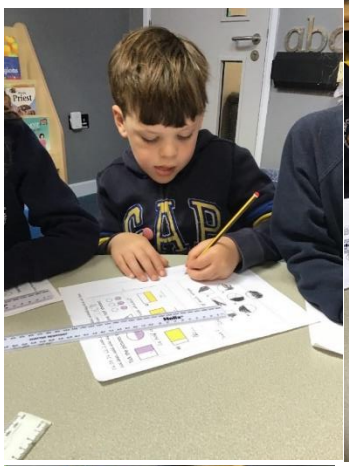
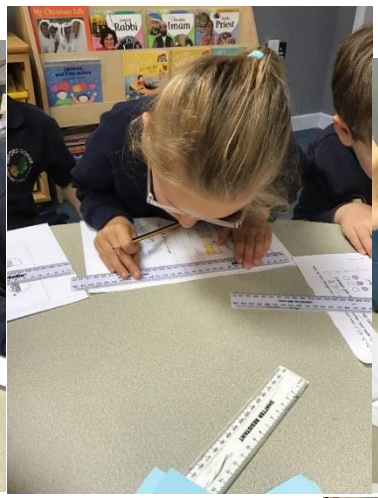
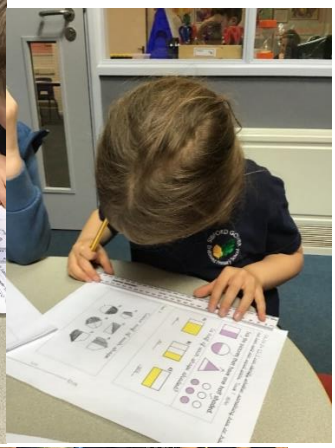
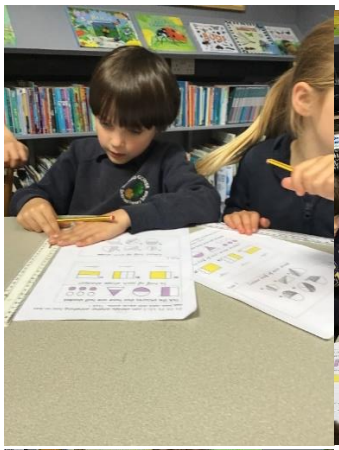
## Year 2 Fractions

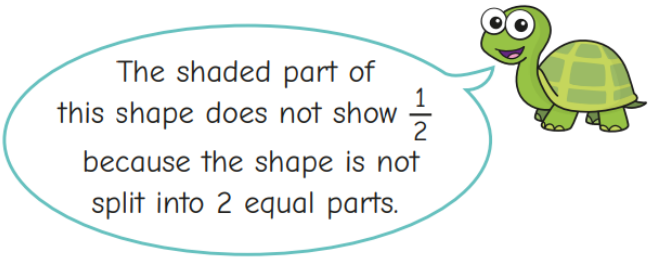


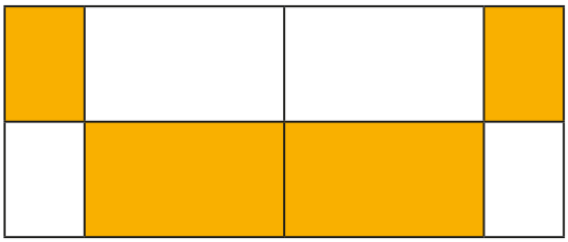






When solving a problem, we cut the sahpe out to help to understand it.





Is Tiny correct? _____

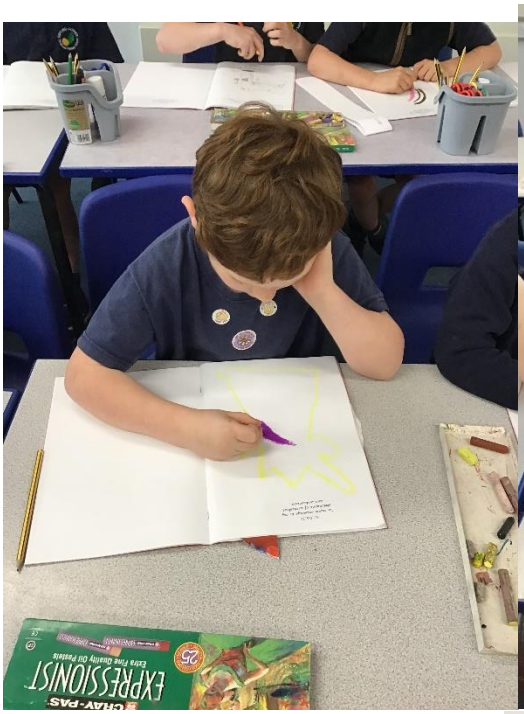
How do you know?

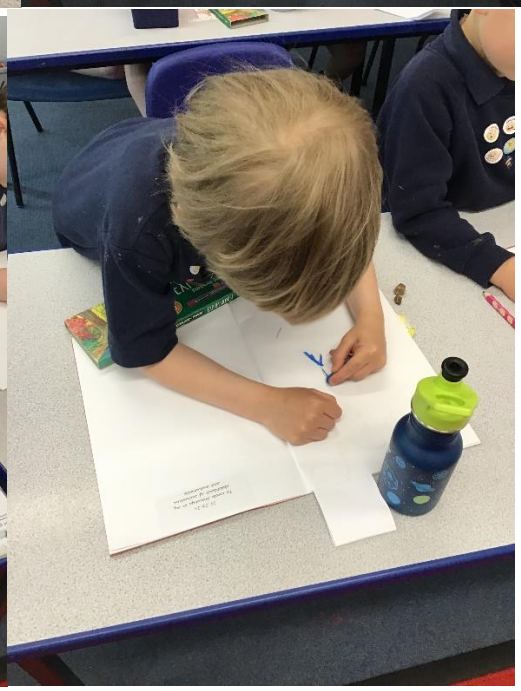
We had an interesting discussion about the parts of the apples. One was cut into quarters and the other was cut into 4 parts. Do you know why the pieces on the blue board were not quarters?

These 2 children could explain using wonderful mathematical language!

# Year 1 Making groups of 5

Using coloured pastels to draw mythical musical instruments inspired by music by a wonderful orchestra.





Thank you!

Mrs. Oliveira
