

Weekly Update
 Friday 10th May 2024
 Willow Class

We have really enjoyed the sunshine this week in Willow Class and hope that it is here to stay. Any opportunity to get outside and do 'outdoor learning', we have taken it!

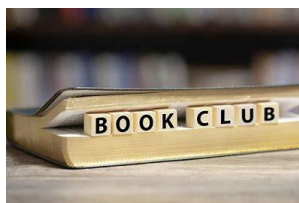

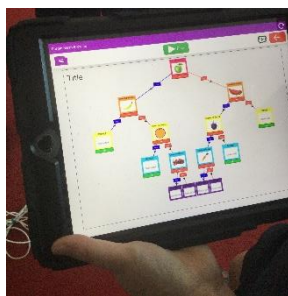

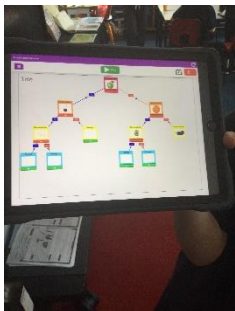

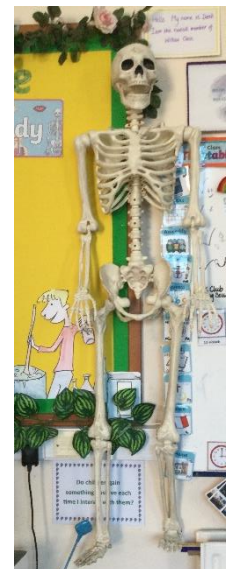

We LOVE swimming in Willow Class. We are all on our own personal journey but are very proud of the progress we have made this year! It is so lovely to witness their confidence growing

each week!

In Science, we have been learning about the human body. Willow love science and cannot wait for the next lesson. Everybody meet Derek! The children used their British Values to vote on his name. He is the latest member of the Class!

We are learning about Databases in ICT. This week we started to create our very own- I was blown away!

Book Club is one of our favourite things to do in Willow Class. This week we listened to the 'MAY Tree story. A lovely, peaceful session!

Have a wonderful weekend, enjoy the sunshine!
 With best wishes, Miss Grantham and the Willow Class Team x
