

Weekly Update  
Friday 24<sup>th</sup> June 2024

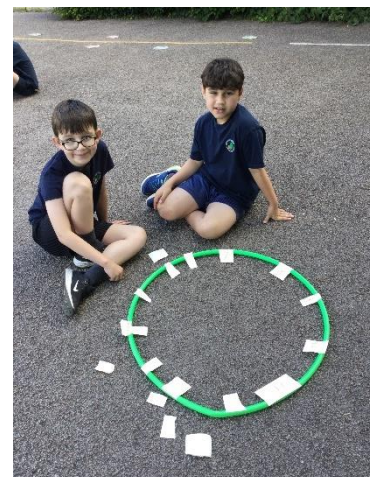

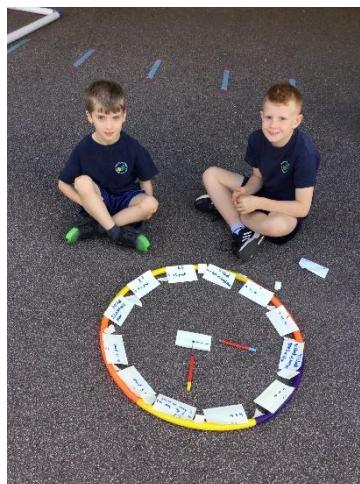

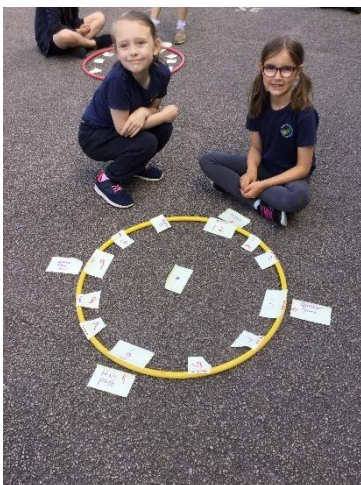

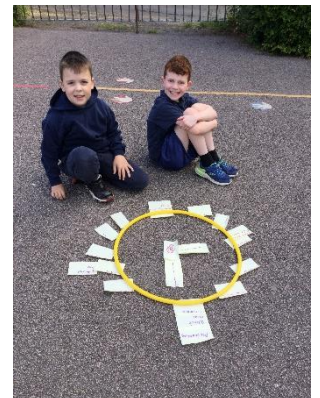

Willow Class

What a lovely, productive yet hot week we have had in Willow Class. I am extremely proud of all the children and how they have embraced the warm weather. A gentle reminder that they need to bring in a water bottle and sunhat every day.

Magic Maths

This week we have been learning about 'time'. We started our week by creating our very own clocks out of hulu hoops. This was great fun and helped us when identifying the key features of a 12 hour clock. We then stretched our learning and started to learn about telling time to 5 minutes and then to 1 minute. Telling the time is a life skill so please do encourage your child to do so at home 😊

Book Club outside  
in the shade!

### PSHE' Body Changes'

I have been so impressed this term with my wonderful Willows. We have started our 'body changes' lessons and question time. Each year group has been mature, interested and asked some brilliant questions. We have two more sessions left.

### HOMEWORK

There is no homework this week. We are having a big push and focus on our production. The children need to be learning their songs at home please!

### Up Coming Events

**Monday 1<sup>st</sup> July** - Topic homework due for an house celebration.

(I am so excited to see and hear all about their projects)

**Friday 5th July** - Bastille Day, pm

**Wednesday 10th July** - Willow Class trip

**Friday 12th July** - Sports Day, pm for families, on the Big Field

**Monday 15th & Tuesday 16th July** - KS2 performance in school hall

Have a lovely weekend, enjoy the sunshine!

With best wishes,

Miss Grantham and the Willow Class team x
